MEMORANDUM FOR THE RECORD

SUBJECT: Meeting With Mr. Al Westphal, House Foreign Affairs
Regarding Inquiry Received From Mrs. Edna Kelly

1. I met with Al Westphal at his request and discussed with him his meeting with Mrs. Kelly of Tuesday, 4 August, and my meeting of Tuesday, 4 August. (See Memorandum For The Record dated 4 August.) By using the facts and the outline of discussion of my meeting, he was able to define that Mrs. Kelly had raised a question with him concerning a possible gap in legislative oversight concerning private American citizens involved in espionage or subversive activities against the United States in overseas areas. Al asked if we would be so kind as to look at the question of what executive agency or agencies have jurisdiction and to provide him with a short outline.

2. I told him I would try to be back in touch with him on Friday.
